

Jon Zisi

Junior Product Manager | Product Operations, Data & Automation

✉ zisi.jon@yahoo.com | LinkedIn | GitHub | Athens, Greece

PROFILE

Junior Product Manager with 5+ years in data and business analysis, now leading technical product-operations work across pricing, catalogue, market coverage, and internal systems. Translate ambiguous operational problems into evidence-backed requirements, controlled rollout plans, and verified production changes, while remaining hands-on with SQL, BI, automation, and production-system validation.

EXPERIENCE

Junior Product Manager

Apr 2026 - Present

Ergeon (Freelance) · Remote

Progressed from Junior Data Analyst to Junior Product Manager in four years.

- Expanded controlled supplier-pricing workflows from a vinyl pilot to six material families, sequencing execution only after live-market validation.
- Automated supplier-price detection and audit across five datasets, reducing the pilot comparison from about 16 minutes to 12 seconds.
- Mapped cross-functional product onboarding across catalogue, inventory, pricing, and market availability, converting a roughly 30-action pilot into an 11-step controlled plan.
- Designed a governed AI-enabled workflow for Product Operations, analytics, and software delivery using task contracts, premortems, approval gates, resumable state, and independent verification.

Data / Business Analyst

Jan 2022 - Mar 2026

Ergeon (Freelance) · Remote

- Rebuilt an order-level contact pipeline across SMS, calls, and email, correcting false stale-contact signals for 850+ active orders during validation.
- Built and owned Looker Studio reporting for permit operations and contractor recruitment and compliance, translating business questions into explicit metrics and QA checks.

Banking Officer

Jul 2020 - Jan 2022

Alpha Bank

- Improved transaction, mortgage, and productivity workflows with Excel and Power Query while coordinating banking operations across branches and legal partners.

Data Analyst Intern

Nov 2019 - Mar 2020

Eurobank · Global Corporate & Investment Banking

- Built P&L, budget, and R-based interest-rate analysis workflows for Corporate & Investment Banking.
