

Jon Zisi

Analytics Engineer | BigQuery, SQL & Airflow

✉ zisi.jon@yahoo.com | LinkedIn | GitHub | Athens, Greece

PROFILE

Analytics Engineer with 5+ years building BigQuery and PostgreSQL data models, Airflow pipelines, and trusted reporting for operational teams. Own transformations from source ingestion through tested semantic layers, lineage, monitoring, and BI; diagnose production data-quality issues and ship cost-aware fixes with reproducible validation. Progressed from analytics into product management while remaining hands-on with analytics engineering.

EXPERIENCE

Junior Product Manager

Apr 2026 - Sep 2026

Ergeon (Freelance) · Remote

Progressed from Junior Data Analyst to Junior Product Manager in four years.

- Built a daily Airflow pipeline that compares five supplier datasets across seven change categories, with automated pull requests, reporting, and 30 unit tests.
- Built BigQuery carry-forward and append models for price-change history, scaling coverage from 44 to 370 transitions and adding roughly 52,000 snapshot rows per day.

Data / Business Analyst

Jan 2022 - Mar 2026

Ergeon (Freelance) · Remote

- Migrated three critical BigQuery workflows into a configurable Airflow dependency chain with retries, failure notifications, and production run monitoring.
- Built a three-stage BigQuery audit model for tier imports, materialising changes in zip coverage, contractors, population, and market metrics for BI consumption.
- Optimised a core delivery model by consolidating CTEs and joins while preserving all 48,488 rows and producing zero differences across validated metrics.
- Rebuilt production call and messaging models with deterministic, direction-aware attribution; validated 19,807 mapped calls with one row per call and zero invalid direction flags.

Banking Officer

Jul 2020 - Jan 2022

Alpha Bank

- Improved transaction, mortgage, and productivity workflows with Excel and Power Query while coordinating banking operations across branches and legal partners.

Data Analyst Intern

Nov 2019 - Mar 2020

Eurobank · Global Corporate & Investment Banking

- Built P&L, budget, and R-based interest-rate analysis workflows for Corporate & Investment Banking.

SKILLS

Data Engineering

BigQuery PostgreSQL SQL Python
Airflow

Modelling & Quality

Data Modelling Data QA Lineage
Cost Optimisation

Delivery & BI
