PROFILE

Data Analyst with 5+ years across operations analytics, BI, pricing, and automation. Build cost-conscious BigQuery and PostgreSQL models, production reporting pipelines, and Looker Studio dashboards; trace data-quality issues to source and turn ambiguous business questions into durable definitions and workflows. Progressed from data and business analysis into product management while retaining hands-on analytics ownership.

EXPERIENCE

Junior Product Manager

Apr 2026 - Sep 2026

Ergeon (Freelance) · Remote

Progressed from Junior Data Analyst to Junior Product Manager in four years.

- Own technical product work across pricing, catalogue, and market coverage, turning operational problems into requirements, controlled rollouts, and production verification.
- Designed a governed AI-enabled workflow for Product Operations, analytics, and software delivery using task contracts, premortems, approval gates, resumable state, and independent verification.

Data / Business Analyst

Jan 2022 - Mar 2026

Ergeon (Freelance) · Remote

- Rebuilt an order-level contact pipeline across SMS, calls, and email, correcting false stale-contact signals for 850+ active orders during validation.
- Built a longitudinal price-change ledger for 100+ products across 40+ markets at launch, exposing carry-forward changes, reversions, and pricing drift.
- Built and owned Looker Studio reporting for permit operations and contractor recruitment and compliance, with explicit metric definitions and QA.
- Automated weekly BigQuery cost governance with 12-week trends to identify expensive queries and prioritise optimisation work.

Banking Officer

Jul 2020 - Jan 2022

Alpha Bank

- Improved transaction, mortgage, and productivity workflows with Excel and Power Query while coordinating banking operations across branches and legal partners.

Data Analyst Intern

Nov 2019 - Mar 2020

Eurobank · Global Corporate & Investment Banking

- Built P&L, budget, and R-based interest-rate analysis workflows for Corporate & Investment Banking.
